THE MASAI MARA RIDE

A nine-day horseback safari in the Masai Mara wilderness area

The word safari evokes images of trekking through vast wilderness apart from civilization and surrounded by exotic wild game; elephant, lion, hippo, cheetah, giraffe, wildebeest, gazelle, and birds overhead and afoot. Now imagine being on horseback surrounded by those same animals.

Spend an evening listening to the singing of Masai warriors before a peaceful sleep.

Gather your horse the following morning to ride across sweeping savannas.

Experience the Mara as only one can from atop a horse.

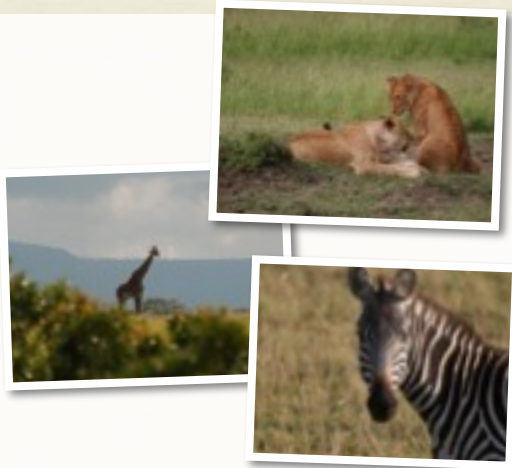

The Mara Ride 2014 takes us into the Greater Mara Conservancies, an area of approximately 5,000 sq. km. of savannas, woodlands, and the Mara and Olare Orok rivers. Our traditional canvas mobile camp will allow us to move across the Mara during our 9-days in the bush. The September ride occurs during the Great Migration when up to a million wildebeest make their northern trek. It is considered the most dramatic wildlife spectacle in the world, and you will be a part of it, riding among these vast herds. Each day our ride of 20 to 40 km begins with a joyful “Jambo” and coffee at your your tent. Your sturdy experienced mount will carry you out to see the beauty and wonders of the Mara. At days end, back in camp over a wonderful dinner, you’ll share thoughts and experiences of the day and finally to bed where a hot water bottle awaits you under the duvet. Our outfitter, Safaris Unlimited, is the original horseback safari outfitter in Kenya, someone Horsing Around International has been going out on safari with for over 30 years.

The sites, sounds, and experience of riding with wild game around you and across open plains that you cannot see the end of will create memories of a lifetime.
